Jun 23

Materials needed:

Applications 2ndLine (Android) or Textnow to verify registration information
Virtual MasterCard credit card created with YOLO: Android, iOS
US address (You search google a lot)
You visit the following website https://portal.aws.amazon.com/billing/signup?nc2=h_ct&src=default&redirect_url=https%3A%2F%2Faws.amazon.com%2Fregistration-confirmation#/start

To register for an account. Complete your information and click Continue .
Step 2: Select Personal and remember the item Phone number you enter the registration number with 2ndLine or Textnow.
Step 3: You enter the virtual MasterCard card created with YOLO.
Step 4: Enter the phone number registered in 2ndLine or Textnow.
Then click Contact me . You will receive a call on the phone. When the call comes in, you catch the call receiver and enter 4 PIN numbers in the phone keypad.
Step 5: After Verifying your number, you will be taken to a new page. select Basic Plan
Next, check your email to have an email from AWS

Initialize VPS on AWS:

After your account has been fully activated, you log into AWS to start creating VPS. You select Menu All Services -> Compute -> EC2
Then select Launch Instance,And select the operating system to install.

Happy Learning! 😊
